

Messy Church & Messy Home Christmas Information

Hello, and great to be in touch this week!

Lots of resources to share with you that are happening over the coming weeks here at All Saint's Church! We want to do our best to make the celebration of the birth of Jesus as good as we can under the present Covid-19 constraints, so we have the following (and more) opportunities in the coming weeks...

We have:-

1. **Advent Calendar video** for you to watch and engage with! The video will be coming out every Tuesday between now and Christmas with an activity window for you to create each week. This Advent Calendar video will tell the whole Christmas story week by week and the craft builds to make an Advent Window on one of your home's windows. We shall send you the link each week to watch the video...
2. **Messy Church** – Advent will be celebrated next week as we shall look forward to celebrating the birth of Jesus over the coming month of December - known as Advent. We have a lovely craft, and an amazing cooking opportunity as well as our usual favourites to join in on at Messy Church. So be ready for next weeks Messy Church...
3. **A Facebook Live Christingle**. As we did for Light Live we shall have a goody bag to deliver to you if you ask for one, and we shall all make our Christingle together one late afternoon near Christmas. So look out for the chance to order you bag of goodies to make sure you can join in with us all.
4. **Mini Christingle**. For those children of pre-school age, we shall have a Christingle that is age appropriate for young children / toddlers for you to watch and join in with.
5. **Messy Home** at Christmas. We shall have another week of Messy Home where we shall hear the Christmas story and have an activity and prayer time you can do at home.

As this is letter being produced, we are awaiting clarification as to what services All Saints can hold come post present lockdown.

So we shall keep you informed of what will be happening, and how best to watch and participate.

In the meantime.....

Have you heard of VeggieTales?

VeggieTales has been created to be a fun, enjoyable and chilled way of joining in with the story from the bible, while signing and hearing a few jokes along the way. This resources has been around for many year, and still has a loyal and strong following in around the word!

Here is a link for to a try as you may want to watch one this week....
